The minimum credit requirement for graduation is the successful completion of 127 credits of prescribed courses within the curriculum and the maintenance of a minimum cumulative GPA of 2.0 AND a minimum GPA of 2.0 for all major-specific requirements. Students are also required to maintain an annual cumulative studio average of 2.0 to advance in studio each successive year and complete the final studio course sequence.

*Students interested in pursuing graduate studies in Architecture should take MATH 113 in the Fall and MATH 105 in the Spring. Those students who place into MATH 107 per the placement exam, should take MATH 107 in the Fall, followed by MATH 113 and MATH 120 in lieu of MATH 105 in the Spring semester.

Course Pre-requisite Chart

The following chart includes a list of all required courses, pre-requisites (where applicable) and minimum passing grades for both pre-requisites and the course itself. The courses are listed alphabetically by course number. Where more than one course is listed under “Pre-requisites” all listed courses must be completed with the minimum passing grade (unless noted with “or” option).

Please refer to this chart when making scheduling and course withdrawal decisions, as **failure to complete a course pre-requisite or meet the minimum passing grade requirement will hinder your academic progress.**

*A list of approved GER courses can be found online at <http://catalog.njit.edu/undergraduate/academic-policies-procedures/general-university-requirements/>. Please note: some GERs within the Interior Design curriculum can only be fulfilled by a specifically defined course in that category.

Please note, only one (1) design elective may be an e-learning or hybrid course; all other design electives must be taken on campus.
